POST OFFICE, WASHINGTON, D. C.

## Colonials Swamped By Duquesne 52-32

Parrack, Burgess, Score 10  
Points Each—Pittsburgh  
Five Leads Throughout

COUNT AT HALF, 25-13

Brennan, Duke Guard, Leads  
Scoring—Birch Also Stars  
in Poor Contest

Special to The Hatchet.

Trailing from the start, George Washington's five was trounced by the Duquesne Dukes in Pittsburgh last night, 52-32. Outplayed from the opening whistle, the Colonials fell before the fast, accurate passing attack of the Pittsburghers, and the result was never in doubt. The score at half was 25-13.

A sharpshooting forward and an equally accurate guard led the winner's scoring, Birch and Brennan totaling 12 and 13 points, respectively. Forrest Burgess, back in action after a two-game absence, tied with Wick Parrack for scoring honors for G. W., each getting 10 points.

The Duquesne defensive play was of extremely high calibre all evening, keeping the Colonials blocked under the basket continually and necessitating many long shots. Hertzler was able to get the tap-off frequently in the first quarter, holding the Duke attack at bay for a while, but shifting their play to overcome this advantage, the winner's swung into action with a barrage of shots from all angles that put the Colonials, with their backs to the wall for the remainder of the evening.

After gaining a substantial advantage in the first three quarters, the Dukes substituted frequently, as did Coach O'Leary for the Colonials. One bright spot on the "losers' dark horizon was the fine play of Jimmy Howell, substitute midget forward, who made five points and generally sparkled during his stay in the game.

Score at half—25-13.

## Freshman Quintet's Spectacular Second Stanza Rally Fails

Strong Central Five Wins,  
43-35, When Burke Is  
Removed on Fouls

A colorful and desperately fought second half rally fell short of victory for the Colonial Freshmen in their court tussle with Central High yesterday afternoon, but only after their lanky center, Burke, was removed on personal fouls five minutes prior to the final whistle. The score was 43 to 35, and was the smallest margin that the phenomenal Central team has been held to this season.

At half time the score stood 25-14 in favor of the Centralites, but baskets by Kane and Burke and excellent work by Rathjen at guard were responsible for a spectacular G. W. rally in which the Frosh scored 14 points to Central's 5. When the count stood Central 30, Frosh 28, it appeared that the 70-19 pre-holiday licking would be avenged and Central would receive their first beating of the season. Buddy Nau and Captain Burke, of the schoolboys, felt differently, however, and with excellent cooperation by their entire team and no hindrance from the now absent giant "G. W." Burke, they proceeded to put the game on ice.

Box Score:					
G. W. Frosh			Central High

## Position of Assistant Hatchet Circulation Manager Is Open

Students desiring to enter a competition for the position of assistant circulation manager of The Hatchet should communicate immediately with Roger Marquis in the publications office.

## Students Manifest Little Enthusiasm In Class Elections

Competition Greatest in Junior  
Class, Due to Campaign  
Night

Class elections conducted on December 21 were marked by sharp competition in the junior class contest. Interest in elections to the senior class council was decidedly apathetic.

The 13 candidates for the four junior class offices shared almost equally in the voting in that class, with no candidate polling a majority over his opponents. Voting among the seniors was heaviest in the Law School and in the School of Library Science; senior representatives from the schools of education, engineering and government were unopposed. Presidents of the School of Medicine and the School of Pharmacy, who had been previously elected, will represent these two schools on the Senior Class Council.

### Senior Class Council

Delegates elected to the Senior Class Council are: Columbian, Evelyn Iversen; Education, Carol Simpson; Engineering, Reynold E. Ask; Fine Arts, Betsy Garrett; Government, Robert D. Savage; Law, Jack Goode; Library Science, Kathleen Watkins.

### Junior Class Officers

Officers elected in the Junior class are: President, Joseph Danzansky; vice president, Harriet Atwell; secretary, Virginia Hawkins; treasurer, Bernard Fagelson.

There will be a meeting of the Senior Class Council in the Student Council room, second floor Building M, at 7:15 p. m., Thursday, January 12.

## Debating Candidates To Meet This Week

The initial meeting for men interested in intercollegiate debate will be held January 12 at 8 p. m. in Q-11. The women's debate squad will meet Wednesday, January 11, at 2 p. m., also in Q-11.

Men in all classes of the University are eligible for the activity. Princeton, North Carolina, Duke, and Boston are listed among the teams that will be met by the chosen George Washington teams. It is possible that later in the season a team will meet the University of Virginia in a radio debate. Such a debate was held last year over station WRVA of the National Broadcasting Company at Richmond.

The women's debate squad, numbering 14, is already at work on the question, "Resolved: That the United States should agree to the cancellation of inter-allied war debts."

## Janet Gaynor, Ronald Colman to Pick Handsomest Men, Most Beautiful Women in Cherry Tree Contests

Deadline for Contest Is Set  
for Tuesday, January 17,  
at 10 P. M.

Telegrams from Ronald Colman, United Artists star, and Janet Gaynor of Fox Pictures, were received yesterday, accepting an invitation to judge the Cherry Tree contests to select the three most beautiful coeds and the three most handsome men in the University.

Colman, who is now working on his latest picture, "The Marquerader," and Miss Gaynor, now working on "State Fairs," appear exclusively in Washington at Loew's Theatres, and it was only through the cooperation of Carter Barron, manager of the Fox Theatre, that the services of these two screen celebrities were obtained by Wendell Bain, business manager of the Cherry Tree. This is the first time that prominent screen favorites have ever consented to judge a similar contest at this University.

To allow every student in the University a chance to enter this contest, the

## Calvin Coolidge Receiving Honorarium

President Cloyd Heck Marvin granting honorary degree of Doctor of Laws to the late Calvin Coolidge at the 108th mid-winter convocation of The George Washington University. Secretary Kayser and Mrs. Coolidge look on.

## Fond Associations Are Recalled Here By Coolidge Death

Late President Delivered Fare-  
well Address Here at 1929  
Convocation

The death of Calvin Coolidge was an irreparable loss to country and mankind. The George Washington University feels especially bereft of him. It was here he made his last official public address as President of the United States on February 22, 1929, at the University's mid-winter convocation, at which he and Mrs. Coolidge were the recipients of honorary degrees. The nation lost a great leader; we grieve for a lost son.

"Some attributes in Coolidge's life that caused the sincere regard for him were his dry humor, his quiet deep enthusiasms, his honesty, and his belief in the dignifying of human values. As his work here is finished, we shall miss his counsel and his friendly greeting, but shall remember what he brought to us." This was President Cloyd Heck Marvin's tribute to his intimate friend.

Said Provost William Allen Wilbur: "Like Washington, a man of few words, Calvin Coolidge stood for a type of American which is recognized in times like these."

President Coolidge, it is said, was quite moved when asked to accept an honorary degree from The George Washington University. Sentiment

(Continued on Page 4)

## Professor Collier Author of Article For Law Review

"Franchise Contracts and Util-  
ity Regulation" Subject  
of Leading Paper

A George Washington University Law School professor is the author of one of three leading articles which will appear in the second issue of the Law Review, soon to be published.

Charles S. Collier, professor in the School of Law, discusses "Franchise Contracts and Utility Regulation," basing his conclusions on an exhaustive research on the subject in conjunction with a doctor's thesis written while attending Harvard University.

Professor Collier argues that the system of municipal franchise contracts is a serious competitor to that of regulation by a utility commission. He concludes that the franchise system threatens to supersede the present method of regulation by an administrative body.

An ingenious and distinctively original line of thought is contained in an article on "The Functionality of Patent Claims," by Leon H. Amdur of the United States Patent Office. Mr. Amdur suggests the symbolical representation of a patent claim, in order to determine its validity from the standpoint of functionality. Clyde B. Aitchison, commissioner of the Interstate Commerce Commission, contributes a

(Continued on Page 4)

## Engineers' Council Gives Annual Prom

## Woodhull Building Damaged By Fire Thursday Morning

Janitor Shaw Discovers Fire in  
Faculty Room; Floor  
Burned Out

Fire in the Woodhull Building, 2033 G street, originating early Thursday morning from an overheated furnace, did damage to the extent of \$300, burning out the floor, damaging the rug and scorching the paint of the big corner room on the first floor.

Janitor William Shaw discovered the fire at 7:15 in the morning when he came to work. As he opened the door a volume of smoke and steam poured from the basement. He ran to the fire-engine house of Company 28 on G street and gave the alarm. Firemen responded, tore up the floor and extinguished the fire, which, according to Mr. Charles E. Merry, assistant to the comptroller, would have done considerable damage if it had had a few more minutes' start. The firemen worked from 7:15 until nearly 9 o'clock.

### Used as Club Room

The room which was damaged has been used in recent years as a faculty club room and was furnished for that purpose. None of the furniture except the rug was damaged.

Previous to its use as the faculty club room, the large light room had been used at different times as the office of the president, as the cashier's office, and quite recently as the drafting room and class room for students in the fine arts division.

Woodhull Building, with which students are familiar as the location of Mr. Merry's office and the Lost and Found office, is one of the most historic buildings at the University. It was built in 1864 by General Maxwell Van Zandt Woodhull, a Yankee officer in the Civil War, and was his home for a number of years. From 1911 until 1931 General Woodhull was a trustee of George Washington University. At his death his home was deeded over to the University.

## Jacques Renard's Orchestra Selected To Play for Prom

No Corsages Is By-word as  
Campus Greeks Plan  
Annual Soiree

With the signing of Jacques Renard to play at the Interfraternity Prom on February 1 at the Willard Hotel, the Interfraternity Council promises the most outstanding band that has ever before played a social affair at George Washington University. Admission to the Prom will be by invitation only; those desiring to attend the gala affair should communicate immediately with Wendell Bain, social chairman, or any of the other delegates to the Council.

At the recent meeting of the Interfraternity Council, it was unanimously agreed not to send corsages.

Jacques Renard, who will bring his 15-piece Camel Quarter-Hour Orchestra to Washington for this Prom, has enjoyed one of the most unusual and most successful careers of musicians as a leader of a favorite dance orchestra on the air six nights a week with Morton Downey.

This distinctive style, featuring violins and saxophones with muted brass, brought about his selection by representatives of the Columbia Broadcasting System and the R. J. Reynolds Tobacco Company, to accompany the tenor voice of Morton Downey for the Camel Quarter-Hour broadcast.

Besides being recognized as the organizer of one of the foremost radio orchestras, Renard has played at such leading night clubs and hotels as Coconut Grove, Copley Plaza and the Waldorf-Astoria. He is the owner of the Mayfair night club, acknowledged as one of the most lavish in the country and patronized by the "400" of Boston. It was at this club that he developed and brought to the front the craze for the rumba rhythm two years ago in such songs as "The Peanut Vendor" and "Mayonnaise."

Giffen, Heimbürger, Coon,  
Travers, Darlings Will  
Head Grand March

HERB GORDON WILL PLAY

Events Will Be Held at Ken-  
nedy-Warren; Troubadours  
Furnish Floor Show

Continuing the tradition begun last year, the School of Engineering presents one of the highlights of the social season at the Kennedy-Warren Hotel when the engineers ball is ushered in by Herb Gordon's baton next Friday night, at 10 p. m.

Members of the Engineers Council will serve as a reception committee to receive guests of honor President and Mrs. Cloyd Heck Marvin, Provost and Mrs. William Allen Wilbur, and Dean John R. Lapham, of the School of Engineering, and chaperons, Prof. and Mrs. Frank A. Hitchcock, Prof. and Mrs. Arthur Johnson and Prof. and Mrs. Benjamin C. Cruickshanks.

At midnight, Grace Elizabeth Giffen, with Ray A. Heimbürger, social chairman of the Engineers Council, and Betty Coon, with Floyd D. Travers, acting chairman of the ball committee, will lead the grand march with H. Valpeau Darling, president of the Engineers' Council, and Mrs. Darling.

### Floor Show Feature

Following the grand march, the eagerly awaited scandal sheet "Plot and Counterplot" will be distributed. Photographs will be distributed of Herb Gordon and an act from the Madison open the engineers floor show. Harry Yinger, prominent Law School wit, will be master of ceremonies.

Entertainment will include hits from the late Troubadour production, "Oh! Say, Can't You See," with Sock Kennedy, Marjory Mitchell, Sue Crump, Bill Claudy, and Joe Danzansky repeating their hits.

The George Washington University Male Glee Club, under the direction of Dr. Robert Howe Harmon, will present a group of songs.

The ball committee, headed by Ray A. Heimbürger, includes Floyd D. Travers, acting chairman, Fred Miltenburger, Warren H. Weiss, H. R. Miller, Leo S. Crane, R. F. Leatherwood, H. C. Thom, H. Valpeau Darling, and F. M. Hoffheins.

## Symphony Orchestra To Present Concert

First of Monthly Programs  
Will Be Offered Early  
Next Semester

The Symphony Orchestra of George Washington University will present its first concert soon after classes are resumed for the second semester. This is to be the first of a series of monthly concerts which will be presented either in Corcoran Hall or the old church on H street on Sunday afternoons.

The program, which is composed of selections for the first part from the old school and the latter of modern music, will be as follows:

Tanquer Overture.....	Rossini
Woodland Sketches.....	MacDowell
First Symphony.....	Beethoven
Intermission.....	
Piano Fantasia.....	Stevens
Theme and Variations.....	Dawson
Scherzo and Minuet.....	Gottlieb

Any requests which students may have for particular numbers should be turned in to Louis Maikus, director of the orchestra, who will try to arrange for them in future concerts. There is still more room for musicians in the orchestra; anyone interested should apply at the Band Office, basement of Building Q, Twentieth street between G and H.

## Professor Seeger to Lead Chapel Services on Friday

Professor R. J. Seeger of the physics department will lead the chapel services on Friday, January 13, in Corcoran 10, according to the announcement of Provost Wilbur, director of the Chapel.

President Marvin conducted the services held on Friday, January 6, speaking on "The Challenge of the New Year." He stressed the tendencies and problems which we seem likely to encounter in the future.

## University Social Calendar Is Crowded Despite Ample Preventive Regulations

Four script dances are officially scheduled for Friday evening. That speaks very well for social activities on campus. But what about the regulation by which the Student Council is to grant permission for but one University script dance in a single evening?

The result of the present process will be far from refreshing. It will lead to a deficit on the part of each organization attempting to put over a dance on that night. There is no necessity for such crowding of social events. And particularly since there is a positive regulation against it.

This matter is especially brought to our attention by the fact that the Engineer's dance as scheduled for this Friday had, presumably, been granted that date for several months. Assured of the protection which a closed date implies, those in charge had blissfully prepared for one of the major social events of the season. Naturally it is with more than casual dismay that they find it necessary to compete with other organizations.

We suggest that the Student Council enforce the regulations which were intended to govern the granting and refusing of dance permits. This is not the first time that there has been a confusing conflict in the social calendar, but there is no reason why it should not be the last.

## Exam Time Is in the Upping— Better Study Now in Anticipation

With examinations but a few days away we take this opportunity to remind students that it is high time to begin reviewing. Days slip by only too rapidly and ripen into weeks which bring the necessary evil of an examination schedule.

For several months hours have been spent in classroom and there should have been attendant hours of study. Now within the course of a few days time the accomplishments of those months will be determined.

While we do not attempt to argue the merit or undesirability of exams the fact remains that they will be given at George Washington within a short time. And since they are an important factor in determining grades there is but one thing to be done—GET BUSY NOW!

## If Election Interest Is Indicative We Predict Little Cooperation From Seniors

George Washington University students refuse to meet responsibilities. Senior class elections demonstrated this fact again when less than 10 per cent of the voters in some schools exercised their franchise. The lack of interest in the nature of an insult to the candidates who competed for offices. It is most discouraging to the winners who can hope for little cooperation from members of the class. Under the circumstances we can only hope that the newly elected officers will receive more cooperation than the light vote indicates.

The new officers deserve congratulations. And we extend to them in all sincerity our best wishes for the success of the apathetic group whose interests it is their task to promote. And may we advance the optimistic hope that their fellow students will awake from their lethargy in order to do the unexpected—cooperate to make the affairs of the senior class a success.

## If You Have Constructive Criticism We Want It; Otherwise Keep It

Again we are forced to comment upon those well-meaning souls who insist upon challenging us to print this, that, or the other thing. While The Hatchet will print any reasonable and constructive letter signed and sent to its editor, it will not for the mere purpose of accepting a challenge or dare reproduce such communications. We seek constructive criticisms but we will not give our columns over to mere derisive bombardments or irrelevant banter.

## Bouquets and Brickbats

A few New Year suggestions: "The powers that be" at the University COULD authorize the cleaning of blackboards at least once a week (even once a month would help if the budget objects—or at any rate once a semester) . . . Prolific Hatchet critics are invited, urged, cajoled, tenderly coaxed, soothingly enticed, and emphatically solicited to drop around to The Hatchet office, where we welcome you to put your hints into application (that's more than a suggestion) . . . The clean-up squad might take a few moments off to remove last year's chewing gum and cigarette butts from the drinking fountains (especially in Stockton Hall) . . . And a little elbow grease might remove the unsightly rust spots which contribute little toward making drinking (water) a pleasure. . . Those Christmas ties are stunning (yes indeed) . . . Congrats to that student who is trying single-handed to work up interest in a University Crew (a Buff and Blue shell on the Potomac sounds pretty good) . . . Never let it be said that the accomplishments of our own Jim Pixlee have failed to emanate beyond the D. C. (even as far beyond as Chicago and Michigan) . . . Why the sudden hush on all this Michigan-G. W. football game talk? (Yost told local sports writers he favored such relations) . . . Hoover and Roosevelt will NOT write for the Literary Monthly Review (the Vice Presidents may) . . . Some effective gun-shot for those coeds who scribbled their derisive comments on the body of the boy friend's conveyance parked in the vicinity of the Food Shop (some children will always remain just children) . . . Some efficiency in that University bookstore which has on hand among other things esopm salts (and may the "co-op" feature soon become a reality) . . . The death of Calvin Coolidge recalls the time that the former President received an honorary degree at G. W. in February of '28. The event was broadcast over both national networks . . . Our vote for the coed acquiring the "loudest" external feminine attire during the holidays goes to that Zeta who sports the reddest of red sweaters. . . If sufficient enthusiasm is displayed it is rumored that patrons to the interfrat "tail and backless" affair will have some change left from a five. . . About that "thank-you" letter from Dan Beattie to The Hatchet—Dan waxed ironical because The Hatchet review of his show differs from those of downtown newspapers. . . Of course, every man has a right to his own opinion. But to condemn a review because it fails to agree with the conclusions of a reviewer on another paper is a bit far-fetched. . . Shows are pronounced "good" or "bad" according to the tastes of an individual reviewer. . . The fact that The Hatchet writer differed with his fellows on other newspapers is commendable rather than lamentable. . . Intelligent individualism is courageous—especially when, as in this instance, it is sincere and unprejudiced. . . And whether Dan Beattie and a staff of downtown critics declare that Wells was properly cast or not is immaterial. . . The fact remains that the part written into "Oh, Say! Can't You See?" in an endeavor to create a reporter out of the lines and actions thrust upon Wells was the most distorted, unprofessional, and weakest bit of the entire production. . . It would have taken more than Wells or several families of Barrymores to make a convincing reporter out of the part as Dan wrote it! . . . And to take a critic to task for writing what he thinks . . . and writing it sincerely, honestly, and justifiably . . . is in pretty poor taste. . . As a musical producer, Dan should be able to "take it" with better grace! ANTON OMASIA.

## CHIPS

My good pipples, now that we have doffed our kepis to 1933, I suppose it would be most seemly if Rollo would just forget the vacation happenings and credit them to the esprit de something or other of the season. . . Most everyone has put his tux shirt to soak as Dean Lapham's conservatory prepares to stage the second annual Engineer's Brawl in all its august splendor. . . The amount of interest in this affair, coupled with the frantic attempts of learning to reach unscaled heights, is exemplified by the fact that engineering classes took the better part of an hour discussing the question "How to remove lipstick from the fronts of white shirts." The spade-swinging gigolos are a bit previous methinks, mayhap. . . Although MacArthur lost her bid to lead the grand march, Betty Coon did and died for dear Alpha Delta Pi, went through tackle, scored, and will appear in the lead-off position with Traver. Scotty, the nonchalant Kappa, will drag the coy but bally chairman, Heimburger. . . Talking about Prom leaders, the campus mart still quoted Janet Young 2-1 over Ruth Warren to lead interfraternity, although Bain has been displaying marked interest in the minority. A recent appendectomy may count heavily against Ruthy, while a Southern belle and a Fox ballerina have been mentioned as mysterious prospects. After all, who gives a x?-%?!! . . . "What are you waiting for, my good fellow," says I to a youth with a fine hard snowball clutched in his fist? "For Dean Doyle," he grunts. A-ha—arum—that's who broke the transom at the Amsterdam. . . It turned out that the marriage license for Nance Hall and that midshipman (story front-paged by The Star) was just taken out on a bet. Okay, America! . . . Alicia Mooney contributes to the education of pledges—cokes which you are sent after may be sampled without leaving that tell-tale lipstick trace by using an extra straw. . . Outside of looking like a horse stepped on his face, Dieffenbach, wandering freshman president, reappeared—a sort of Christmas gift, as 'twere. . . Jane Rhodes fooled the campus blades and says the nuptials will be in April. It's an enigma. Yes, the navy always was a bunch of pests. . . Just who will carry on that Ragatz course in true Ragatzian manner? Can you imagine Dean Hill, "Iron Hat" Bemis, or "Green Bag" Churchill trying it? . . . Kappa old maid regime ends as Sarah Catherine Cook, Sigma Nu Sweetheart, plans conventional knot in February. . . There shall be no men in the A. D. Pi rooms, according to recent rule. Threat or promise? . . . For B. P. O. E. methinks O. D. K. might try to do something else than give cups. Anyway, Gate and Key takes charge of the cups. . . Lee Harvin, in a spasm of domesticity, washed her pajamas. Imagine her embarrassment on discovering that she had used flea soap. . . It's going to take a technocrat to figure out how one can pay his tuition, buy a prom ticket, have his Cherry Tree picture taken, and eat a bit for 15 days out of one pay. . . Since we found out that Janet Gaynor married a Sigma Chi, we strongly suspect that this best-looking man is going to be mobbed if he happens to belong to that order. . . First signs of spring—the appearance of Van Demark's car with a steam calliope paint job. . . Where is the over-ambitious Student Council's social calendar which forces the Annual Engineers' Ball to compete with three other script dances on the same night. . . Manager Beattie's letter in "Letters to the Editor" is a short answer to why editors grow gray (or change their women often). Some call it madness or love, but we call it gratitude. . . If this column leaves a bad taste in your mouth, just look at Page 6. DICK ROLLO.

## NOTES ON COLLEGIATE ACTIVITIES

### Delta Phi Epsilon Host To Phi Pi Epsilon

The George Washington University chapter of Delta Phi Epsilon, national foreign service fraternity, entertained the members of Phi Pi Epsilon, foreign service fraternity for women, last evening at the Sigma Alpha Epsilon house.

His Excellency Sesostris Sidarouss Pasha, Royal Egyptian minister, spoke on the history and economic development of his country. Among those present were Dr. Manuel Gonzalez, charge d'affaires of the Costa Rican Legation; Senor Don Jose Baron, counselor of the Cuban Embassy, and national and local officers of the two fraternities.

### Inter-American Forum Hears Senorita Gomez

Senorita Paulina Gomez Vega, of Bogota, Colombia, who holds the Latin American fellowship of the American Association of University Women, was the guest of honor at the first meeting of the newly-organized Inter-American Forum at Lambie House last Saturday night. Senorita Gomez spoke of conditions in Bogota as they affect women entering professions, describing her work with the Institute of Hygiene.

The second speaker was Dr. Susan Lough of the University of Richmond, who is chairman of the Southern At-

lantic unit of the National Fellowship Fund, Dr. Lough addressed the group on the meaning of fellowship.

Dr. A. Curtis Wilgus, organizer of the Inter-American Forum, was elected president. J. M. Martinez, a graduate student at George Washington University, was chosen secretary-treasurer.

### Frank Smith Is Author Of Article on Freneau

Frank Smith, assistant to Provost Wilbur, has been recently honored by the publication of a review in Editor and Publisher, The Fourth Estate, of his manuscript in appreciation of Philip Freneau.

This article appeared in the current issue of American Literature, under the title of "Philip Freneau, and the Time-Piece and Literary Companion." It contains comment on other newspaper publishers of the period, and includes some hitherto unpublished letters.

### Symphony Club to Hear Local Composers' Works

A group of young local composers will play their compositions before the members of the George Washington University Symphony Club tomorrow night at 8 o'clock, at 2107 S street northwest.

The group includes several holders of fellowships at Peabody Institute. Sidney Gottlieb, of George Washington University, will render a number of violin selections.

## DID YOU KNOW THAT

General William Mitchell, retired Army officer, who had charge of the air service of the American Expeditionary forces in France during the World War, was a student at The George Washington University at the time of the Spanish-American war. He volunteered in the war and left college. When completing his college course, lacking only a few months of having the requirements for a degree, he was called into active service in the World War. After General Mitchell's return from France, George Washington University conferred upon him an A. B. degree as of his original class of 1899; at the same convocation when an honorary LL. D. degree was conferred upon General Leonard Wood by the University.

Lisner Hall, which now serves The George Washington University students well as a library and class rooms, was built and used until 1910 by St. Roses Industrial School, now located on Connecticut avenue. Our library served them as a class room in which the art of fine embroidery and lace making was taught. Our reading room upstairs was their chapel.

George Washington University used the basement of Concordia Lutheran Church, located at the corner of Twentieth and G-streets, as a mess hall for its students' army training corps during the World War; after it ceased to be used as a mess hall, it was re-decorated and for about three years Dr. William A. Wilbur used it as a class room for his rhetoric classes. —Eleanor Heller.

"Bewitcher! how you twine your soft, white arm

About my neck, and smile into my eyes  
Until the other dancers fade, and you  
And melody create a paradise.

And now we two are carried far away  
To some enchanted isle; our hearts  
begin  
To melt and fuse, as with a throbbing  
flame,  
And then—ah, curses, this rude fool  
cuts in.

Bewitcher! how you twine your soft, white arm

About his neck, and smile into his eyes . . .

## Revamped Buff and Blue Basketers Conquer North Carolina State, 34-29

Wick Parrack, Giant G. W. Forward, Leads Scoring With Eight Floor Shots

By JOHNNY BUSICK.

The Colonial quint turned in its third victory in five games last Saturday night, upsetting the Wolfpack appalear from North Carolina State 34-29. Playing in the H street gym, which was again packed to the roof, George Washington seemed to have sufficiently recovered from its attack of "slippertitis" to quell the Tarheel representatives. It exhibited a brand of good, occasionally brilliant, basketball.

Managing to offset occasional ragged passing and sloppy handling of the ball with periodic scoring spurges, G. W. was able to keep a slight advantage after the first few minutes and, although trailing constantly, the scrappy visiting outfit was ever dangerous and thrilled the fans with its dashing play.

Two minutes before the final gun, Coach "Doc" Sermon's five pulled up within two points of the Colonials as the score stood 28-26. This was accomplished by a rapid-fire bombardment of the basket which netted the Wolfpack 10 points while Pixlee's men tacked but a single field goal.

Here Wick Parrack and "Otts" Zahn

took new interest in the proceedings, the former garnering two double-deckers to raise his evening's total to 16, and Zahn sinking a beautiful long shot to put G. W. comfortably in the lead.

Rex Stars for Tarheels

As a dying threat, Roy Rex, of Southern football fame, sank a pair of charity shots and Clark made one from the foul line ending the game. This same Rex, in company with George Beaghen, 6 foot 4 inch center, had accounted for the surprising 10-point State advance just a few minutes before, and were easily the class of the visiting team.

Beaghen out-jumped Hertler often and tied up the Colonial giant completely, holding "Ty" scoreless as he led his mates in basket-sniping with 8 points. He made 4 points to put the Tarheels back in the fight during the rally and early in the first half had duplicated this performance.

George Washington obtained a 23-16 lead by half time, which was totaled mostly by the basket work of Parrack and Chambers and the excellent passing and floor play of Zahn. From the start of the game play was fast; North Carolina took time out after five minutes with the score tied at 5-5. The advantage see-sawed, but G. W. led 13-9 shortly after the resumption of play.

Gradually the Colonials drew away, with Parrack, Chambers and Zahn pepping the basket from all angles with success. Not only did these men shoot accurately, but during this rally their passing reached a peak for this season. Short, fast passes and clean handling of the ball, coupled with the above-mentioned shooting skill, enabled George Washington to pile up its half-time lead which in the end was its margin of victory.

### Box Score

George Washington	North Carolina State
G. F. G. T.	G. F. G. T.
Parrack, f. 8 16	Johnson, f. 1 2
Noonan, f. 2 4	Jay, f. 2 5
Carlin, f. 0 0	B. Dixon, f. 1 2
Howell, f. 0 0	McQuage, f. 0 1
Hertler, c. 0 0	Beaghen, f. 4 8
Zahn, f. 3 8	R. Dixon, f. 0 0
Chambers, g. 2 3	Clark, g. 1 3
	Rex, g. 2 3
	Nealms, g. 0 1
15 4 34	11 7 29

Umpire: Jack Simpson.

## Varsity and Frosh Swimming Teams Bow to Opponents

Captain Rote Is Colonial Hero in Spirited Johns Hopkins Contest

The post-holiday season brought defeat to both the G. W. Varsity and Frosh swimmers in their contests with Johns Hopkins and Baltimore Friends colleges, respectively. The Colonial varsity bowed for the third time to Johns Hopkins, 32-34, after a spirited contest led by the Colonial captain, Max Rote.

The Colonials were victorious in four events to the Jays' three events, but lost the meet when they were successful in placing only one man in the last race, the 150-yard backstroke.

### Results

200-yard free style—Won by G. W. (McMillan, Vedder, Ghormley, Rote). Time, 1 minute 32 1-10 seconds.

Fancy diving—Won by Reid (H.), 78.2 points; second, Bonner (G. W.), 73.6 points; third, Denuces (H.), 65.4 points.

40-yard dash—Won by Levi (H.); second, Ghormley (G. W.); third, Vedder (G. W.). Time, 10 4-10 seconds.

200-yard breast stroke—Won by Ghormley (G. W.); second, Sadtler (H.); third, Kinsler (G. W.). Time, 2 minutes 50 9-10 seconds.

440-yard swim—Won by Boyce (H.); second, Adler (H.); third, Burnside (G. W.). Time, 6 minutes 14 1-10 seconds.

100-yard dash—Won by Rote (G. W.); second, Hanhard (H.); third, Levi (H.). Time, 57 1-10 seconds.

150-yard backstroke—Won by Rote (G. W.); second, McGill (H.); third, De Lamater (H.). Time, 2 minutes 1 second.

The Frosh were swamped by Baltimore Friends 52-23. Only John Hain, Colonial 100-yard back-stroker, was successful in scoring a first place for the Buff and Blue.

Saturday brings a dual meet at the Ambassador pool. The Colonial varsity meets Rider College of Trenton for the New Jerseyans' first splash engagement with the Buff and Blue. G. W. frosh natators fulfill a return engagement on the same day with Baltimore Friends College at the Ambassador pool.

## Cubs Lose Three Games to Strong High School Quints

By JOHNNY BUSICK

The Colonial cub basketers turned in one victory and two defeats during the past three weeks. Meeting the Bethesda-Chevy Chase High School five on December 20 the freshmen triumphed, 48-31. Two days later they ran up against the crack Central High team and suffered a 70-19 trouncing. Continuing after the holidays they were stopped, 29-27, by the Tech High quint, on Saturday night.

Trailing at the end of the first half, 20-10, Len Walsh's charges took a new lease on life in the second act of the Tech game and outscored Artie Boyd's five, 19 to 7, their rally just falling short in the closing minutes of play as the timer's gun stopped the game.

All hands took part in the scoring in this contest, Griffith and Kane leading with 8 and 7, respectively. Bernie Reichardt, All-High forward, also netted 8 for the evening to lead his mates and climax a fine exhibition of stellar all-round play.

Rolling along at almost an unbelievable gait, Bert Coggins' Central High quint continued its winning streak against the Cubs with a steam-roller attack that easily eclipsed anything shown in scholastic circles this year. To date this remarkable aggregation has averaged 51 points per game and seems to be in a fair way to set an all-time District record. Three Central performers, Moulton, Nau, and Tipton alone scored an even 50 points between them, and their mates weren't far behind. Barney Kane alone of the G. W. quint seemed able to click against the Blue and White, totaling 11 points and being the only trouble Central encountered all afternoon.

Led by Alfaro and Kane, who scored 15 and 13 points, respectively, the Cubs were never headed in the Bethesda-Chevy Chase contest. The Marylanders trailed at the mid-way mark, 24-19, and although rallying bravely at times, were simply out-classed by the freshmen. Nichols led the visitors in scoring with 18 points.

Frosh Games This Week:

Jan. 12—Business.  
Jan. 13—Washington and Lee.  
Jan. 16—Gonzaga.  
Jan. 17—Western.

## Can Neither Affirm Nor Deny, Pixlee Says in Interview

Chicago U. Silent Concerning Colonial Mentor's Transfer to Windy City

By ROBERT P. HERZOG

"I can neither affirm nor deny those press releases." That is how Coach Pixlee answered a query as to the truth of newspaper stories that he had been offered the position of head football coach at Chicago U. Chicago authorities gave the Associated Press a similar reply. That leaves the situation answers settle unquestionably the fact still in a haze, but the tone of the that something is in the wind.

Local papers reported that Coach Pixlee had been offered the post now held by Alonza A. Stagg, dean of the profession, while in attendance at a convention in New York during the holidays. "Big Jim" was not in a position to say whether such overtures had or had not been made. However, he did admit that he knew his name had been mentioned in connection with the job.

To be suggested for this post is a feather in the cap of Pixlee as well as in that of the athletic department. The coaching position at Chicago is one of the most coveted in the "business," and to realize that a man who was instrumental in the rise of the Buff and Blue from insignificance to prominence has been or might be offered that job adds untold prestige to our intercollegiate program.

Members of the student body and friends of the University who realize that Mr. Pixlee's foresight, keen judgment, and knowledge of the athletic world have been underlying factors in our rapid rise have expressed the opinion that they would "hate to see him go," especially in the face of the ambitious schedule he has arranged for the next football season.

### SWIMMING TEAM DATES

A return meet with Johns Hopkins in Baltimore on February 11 has been arranged for the varsity swimmers. Meets announced previously as tentative, with William and Mary and Duke, have been definitely contracted.

## Loyola Headlines Week's Schedule

While several thousand students are preparing for exams, the Colonial courtmen will be traveling over the countryside sinking the "pigskin" for the old Buff and Blue. Tomorrow night Zahn and Co. journey to Annapolis, where they will engage the St. John's College quintet. On Sabbath eve the locals will meet Loyola College's representatives in Baltimore. Monday night Quantico will be the stopping point, where the Pixlees will be entertained by the Leather-necks.

Of these three contests the one with Loyola promises to be the most difficult, although the Marines and the Johnnies are always represented by court teams of no mean ability. The return of Forrest Burgess to the game, the rounding of Wick Parrack into his usual form, and the development of team work among the men all combine to make this week's encounters the bright spot of the season to date.

## Black, R. Sherfey Reach Finals in Table Tourney

As the first annual ping-pong tournament draws to a close, Don Black, District title holder, will meet Raphael Sherfey in the finals. Sherfey gained the last round by defeating Johnny Fenlon in three sets. The winner will be presented with a cup by the athletic department.

"The average meal is not good enough when you can buy a better one for the same money."

LUNCH ..... 25c  
DINNER ..... 35c

Both will please you.

**JENNER'S**  
1819 G Street

## SPORT AXE

By ROBERT P. HERZOG

Victory Is Sweet  
Gym Too Small

When asked what he thought of the game last Wednesday night, Ted O'Leary said, "Nothing, just glad to win." So were we all, but that doesn't take away the fact that the gym is still too small. Time and time again The Hatchet has campaigned for a gymnasium; it looked for a while as though Tech would serve as a temporary relief, but the floor is too slippery and the authorities won't slow it down, so-o-o-o back to the old "tabernacle" baggage et al.

Griffith Stadium proved a handy remedy for a tender spot in the football schedule, and Tech almost served the same purpose in the court session; but once more it looks as though we'll have to put zippers on the H street meeting house.

"Reverend" Barks  
Out the Signals  
as Cupid Scores

Max Farrington took time out from football scheduling a fortnight ago and contracted with Lydia Wilson forever and ever and aye. The axe-wielder doffs his usual attempts at the comic and offers the timeworn but ever expressive "Good Luck."

Rex Is the Name

The 210 pounder who played opposite Wick Parrack in the N. C. State game was Rex, famous varsity fullback who galloped 102 yards for a touchdown against Furman last fall. Lee Carlin will tell you more about this gentleman after next Thanksgiving.

Loyola College's basketeers, who will be hosts to the Colonials this week, hammered out a 48-32 victory over Western Maryland on Saturday.

Just when we thought that the seasonable "all-team" fever had died a natural death, out comes Hap Hardell with an all-Tech team which includes Otts Kriemelmeyer, G. W. star fullback, and Syd Kolker, captain of this year's freshman team.

Recently the Alumni swimming team defeated the crack Central High natators in their annual meet. Max Rote, G. W. tank captain, led the graduate strokeers to their victory.

The much-talked-of lacrosse team will soon become a reality. A set of sticks will be delivered any day now. Though we haven't any way of judging the possibilities of the game, an intramural schedule might provide a great deal of interest.

The 1933 grid schedule now includes Tennessee, Clemson, Auburn, Tulsa, Washington and Jefferson, and North Carolina State, leaving the first two dates of the year open. One of these will be filled by Catawba, as for the other, nobody seems to know. All games will be at home.

Freezing the ball is technically eliminated under the new basketball rules, but to this humble personage it appeared that either North Carolina doesn't play technical basketball or else the referee couldn't count.

George Washington's varsity tankmen have formed a water polo team, and have tentatively dated the Washington Canoe Club for February 4. However, indications point to a possibility that the boys will not be able to play under G. W. auspices—your correspondent sees in this another good source of publicity, and there doesn't seem to be any real reason for not flying the Buff and Blue.

The little bird that roosts on Jim Pixlee's desk told us that in all probability three of the seniors on this year's varsity will be back as assistant coaches next year.

When I like something  
I evermore like it!

THEY'RE Milder—  
THEY TASTE BETTER

—and I like CHESTERFIELD Cigarettes.

To me, they are mild—that is, they don't seem to be strong; and there is certainly no bite, so far as I can tell.

To me, they taste better and they have a pleasing aroma.

Every CHESTERFIELD that I get is well-filled, and I feel like I am getting my money's worth—that there is no short measure about it.

I like CHESTERFIELDS. They satisfy me.

## Professor Collier Author of Article For Law Review

Professor at University Law School Writes for Second Issue of Paper

(Continued from page 1)

laudatory treatise on "Justice Holmes and Administrative Law."

### Legal Experts Named Advisors

The issue will contain 145 pages of legal matter, including at least 12 comprehensive student note editorials and some 25 recent case annotations. It will include a review of a recent work on constitutional law written by W. P. Kennedy. James F. Davison of the Law School faculty will review the book.

Four legal experts have been named as departmental advisory editors on the George Washington Law Review staff. They are: James Oliver Murdock, of the legal staff of the State Department and lecturer in the Law School, as editor in international law; Clyde B. Aitchison, member of the Interstate Commerce Commission, as editor of Interstate Commerce Commission material; Lloyd Sutton, instructor in the Law School, as departmental editor of patent law; and Charles Warren, prominent legal author, as editor of constitutional and legal history. The function of the advisory departmental editors is to give the staff contact with legal experts in determining the acceptability of contributions to the Review.

Letters of congratulation on the first issue of the Law Review have been received from all parts of the country. They include expressions from George W. Wickersham, former U. S. Attorney General; M. L. Ferson, dean of the Cincinnati School of Law; Dr. Joseph Rossman, editor of the Journal of the Patent Office Society; Leonard Sims, of the Detroit Board of Commerce; Frederick A. Ogg, of the Political Science Review; Robert P. Reeder, of the Department of Justice; and R. H. Wettach, of the University of North Carolina School of Law.

Subscriptions for the publication will still be accepted, according to Henry W. Herzog, graduate manager of publications of the University.

## Rodeck Wins Goethe Medal In Celebration Competition

Herbert Rodeck of George Washington University was awarded a souvenir Goethe medal for the essay submitted by him in the Goethe Memorial celebration contest.

Students representing 51 colleges and universities competed for the \$900 in cash prizes offered by the Carl Schurz Memorial Foundation, Inc. Two prizes of \$200 each were awarded to the writers of the best English and German essays submitted.

In addition to honorable mentions, 40 medals such as Rodeck received were also presented. These are reproductions of the famous medal made by Antoine Bovy of Geneva in 1824, on which is stamped the head of Goethe with the caption, "Im Anfang War die Tat," below.

## Zoo, Latest University Addition, Found In Form of Medical School Laboratory

Monkeys, Rabbits, Guinea Pigs, Cats, Dogs, Sheep, Pigeons, and White Rats Used in Research Activities of School of Medicine

Assuming all the aspects of a miniature zoo and characterized by the same pungent odors, the animal stock and hospital rooms in the new Medical School laboratory building suggest something foreign to the atmosphere of a \$50,000 structure concerned with test tubes, cultures, and Bunsen burners.

But the monkeys from Puerto Rico and the rabbits from Johns Hopkins play a vital part in research activities at the laboratory. Occupying two rooms on the fourth floor of the new

## George Washington Alumni Take Seats In U. S. Congress at March Session

Bennet Clark, New Democratic Senator From Missouri, Four Republican and Three Democratic Representatives, All Graduates, Elected

The election of a United States Senator and seven members of the House of Representatives who are graduates of George Washington University is an angle of the recent national political struggle that Capitol Hill correspondents overlooked in their analysis of the new Congress.

Bennet Clark, LL.B., '14, son of the famous Speaker of the House, the late Champ Clark, and new senator from Missouri is a Democrat. Four of the representatives are Republicans. Colonel Clark began his political career as parliamentarian of the House of Representatives in 1913. After service as an officer in the World War he was elected First National Commander of the American Legion of which organization he was a charter member. Since the War he has practiced law in St. Louis.

### New Members of House

Donald H. McLean, LL.B., '06, was elected to the House of Representatives on the Republican ticket from the Sixth District of New Jersey. Mr. McLean has served as Assistant County Prosecutor, County Committee Chairman, and township attorney of Hillside, his home town. He practices law in Elizabeth.

Robert Henderson, LL.B., '25, won the election from the Eighteenth Congressional District of California on the Republican ticket. Mr. Henderson is a resident of Long Beach and is in the newspaper publishing business.

Monell Sayre, LL.B., '05, Democratic nominee for Congress from the Fourth District of New Jersey. Mr. Sayre's campaign for election was interrupted this fall for nearly two months by an automobile accident in which he was seriously injured.

Following his graduation from the Law School Mr. Sayre taught in the Department of History of Columbia

University. Subsequently he became a member of the staff of the Carnegie Foundation as an expert on education, but soon turned to the study of pensions and came to be recognized as one of the world's leading authorities on this intricate subject. He is the author of the article on pensions appearing in the latest edition of the Encyclopedia Britannica. For ten years he was pension adviser of the Federal Reserve Board. His outstanding achievement in pension work was the framing and administration of the pension system of the Protestant Episcopal Church, which has been used as a model by other churches and by civic and business agencies. At the present time Mr. Sayre is Executive Vice President of the Church Pension Fund and of a group of corporations associated with the interests of the Episcopal Church.

### Four Are Re-elected

George Washington University alumni who won their campaigns for reelection to the House of Representatives are:

Stephen W. Gambrill, LL.B., '95, LL.M., '96, Democrat, Fifth District of Maryland.

Addison Taylor Smith, LL.B., '95, Republican, Second District of Iowa.

Edward E. Dennison, LL.B., '99, LL.M., '99, Republican, Twenty-fifth District of Illinois.

Arthur H. Greenwood, LL.M., '25, Democrat, Seventh District of Indiana.

Members of the George Washington "bloc" in the House who will not be members of the Seventy-third Congress are John L. Cable, LL.B., '09, who was defeated on the Republican ticket in Ohio, and Ewin Lamar Davis, LL.B., '09, who lost the Democratic nomination in Tennessee. Butler Black Hare, A. M., '10, of South Carolina, and Howard W. Stull, LL.B., '08, of Pennsylvania, were not candidates for reelection.

## Jacques Takes 'Spot'

Smiling Jacques Renard, who stands ace-high in popularity, will lead his orchestra at Interfraternity Prom.

## Marvin Will Show Undersea Pictures

Engineering School to View First Colored Marine Movies Ever Made

Undersea colored motion pictures, the first successful ones ever made, will be shown by President Cloyd Heck Marvin to the members of the School of Engineering when that body meets under the auspices of the Engineers' Council in Corcoran Hall tonight at 8 o'clock.

Dean John R. Lapham, of the School of Engineering, will be the speaker of the evening, and will be introduced by H. Valpeau Darling, president of the Engineers' Council.

The undersea pictures, which are in true colors, were made in Florida during the summer of 1931 when President Marvin made a series of studies off the Florida Keys. Many had attempted to produce motion pictures in true color, but none had succeeded. The great problem was to get the right screen.

Made His Own Camera  
Dr. Marvin made a camera which was the compilation of all things already done, eliminating errors to achieve his good results. It was a question of getting three things done properly.

To have a lens ground properly, an apparatus which would keep the vapor from condensing in the camera case, and the correct screen to get the colors in their true proportion.

President Marvin has succeeded in diving to a depth of 40 feet and recording the scenes in color; below that depth, he has been able to photograph the sea in black and white up 60 feet.

In connection with the showing of these films, the Engineers' Council will hold a smoker. At a recent meeting, the following permanent officers were elected to the ruling body:

H. Valpeau Darling, president; Herbert C. S. Thom, vice president; William Shoemaker, secretary; Herman R. Miller, treasurer; Ray A. Heimbarger, social chairman; and Reynold E. Ask, scholarship chairman.

Other delegates to the Engineers' Council are F. M. Grimes and J. A. Crocker.

### Organizations Must Make

Annual Reservations Now

Organizations desiring space in the 1933 edition of the Cherry Tree should make reservations immediately at the Publications office of the University, 2016 H street northwest.

## Fond Associations Are Recalled Here By Coolidge Death

Late President Delivered Farewell Address Here at 1929 Convocation

(Continued from page 1)

played a great part in his acceptance, for he called to mind that John Adams, also from Massachusetts, had made his last public appearance in office when he received an honorary degree from Columbian College in 1825. Coolidge thought it fitting that he do likewise.

On February 22, 1929, at the 108th mid-winter convocation of The George Washington University, President and Mrs. Coolidge were awarded the honorary degrees of Doctor of Laws.

In conferring the degrees, President Marvin's citations read:

"Conservative leader during a period when thoughtful, firm action alone could hold the confidence of the people. Proponent at the same time of a forward-looking social procedure, sponsoring scientific endeavors, espousing a program of economic responsibility, arousing in the nation a self-imposed feeling for cooperation and good will. Patron of education and of culture, respected leader of our people—the President of the United States of America."

"Combining gifts in exquisite taste and gracious kindness, with an uncommonly clear and understanding mind, you have touched life and it has reacted warm and true. You have unconsciously caused to be built for yourself in the hearts of the people a temple of genuine friendship, loyal appreciation and true affection.—Grace Coolidge."

President Coolidge's speech, a eulogy of George Washington, may be said to be his farewell address. It was broadcast to the American people over a national radio hookup from Constitution Hall, where the convocation exercises were held.

Quoting from President Coolidge's convocation address:

"This is the position which I judge Washington wished his country to occupy. While he warned us against alliances with any, he was no less urgent in counseling the maintenance of friendly relations with all. As our strength has increased, as our power to maintain our independent position has grown, the wisdom of his warning and his counsel has become more and more apparent. Some nations are so situated that it has been and is now necessary for them to seek understanding with others in order to perpetuate their own existence. Others have interests so detached and territory so scattered that they can best protect themselves by some method of regional relations. Our situation is such that we are and can remain unhampered by any such necessities. We do not seek isolation for its own sake, or in order that we may avoid responsibility, but we cherish our position of unprejudiced detachment, because through that means we can best meet our world obligations. If we became closely identified with any specific grouping of nations, however advantageous it might be to us, we could not hope to continue to perform that service."

"As we study the statesmanship of Washington, as we see it demonstrated in our domestic and foreign experience, he becomes a larger and larger figure. The clearness of his intellect, the soundness of his judgment, the wisdom of his counsel, the disinterested patriotism of his actions, are constantly revealed to us with a new and compelling force. The reverence for his memory continues to increase. The people of the United States feel that they were exalted in his victory. The people of England feel that even in the defeat of their arms abroad he carried their ideals to victory at home. Such a conquest could not be made save by an exponent of universal truth."

### Writer Addresses

Columbian Women

Madame Emanuel H. Dmitru, national first vice president of the League of American Pen Women, was the speaker at the January meeting of the Columbian Women on Tuesday afternoon, January 3, at the Western Presbyterian Church.

Her subject was "The Rumanian Women of Today." She was introduced by Alice Hutchins Drake, chairman of the program committee. Madame Dmitru, who is the wife of M. Dmitru, assistant financial counselor of the Rumanian Legation, is well known as a writer and lecturer.

A letter from President Cloyd Heck Marvin, expressing the University's appreciation of the \$500 recently donated to it by the Columbian Women to augment the Grace Rose Chamberlain Scholarship Fund, was read to the members by Elizabeth Peet, president of the group.

During the social hour from 4 to 4:30 o'clock, Mrs. John W. Bennett, and M. and Mme. Dmitru, the guests of honor, received with Elizabeth Peet.

## WHO'S WHO ON THE CAMPUS

Ralph McCoy, blond Adonis of the publications staff, comes into the public eye again with the organization of the 1933 Cherry Tree staff, of which he is the editor-in-chief. This is the culmination of four years of journalistic endeavor, during which time he has been successful in many offices.

He was on the photographic staff of the 1930 Cherry Tree, fraternity editor of the 1931 Cherry Tree, and, as fit preparation for the arduous task ahead of him this year, he was a member of the board of editors of the 1932 Cherry Tree.

However, journalism is not the only field in which McCoy excels. He is a member of Delta Phi Epsilon, professional foreign service fraternity, and was chairman of the Interfraternity Pledge Prom of 1929. As recognition of his activities he was elected to Gate and Key, honorary social fraternity. His executive ability was recognized by his social fraternity, Theta Upsilon Omega, when they elected him chapter president, and of course, he is a member of Pi Delta Epsilon, national men's honorary journalistic fraternity.

## CALENDAR

### Tuesday, January 10

Faculty Newcomers' Group will meet at the home of Mrs. Earl Wingert Barnhart, 2557 Thirty-sixth street, northwest, at 2:30 p. m. Miss Helen Nicolay will speak on "Our Capital on the Potomac."

Swisher History Club will meet at 8 p. m., in W-25. Professor Bassler of the geology department will speak on "The Checker Board of Europe."

The Rev. Carl Rasmussen, D. D., of the Luther Place Memorial Church, will be the guest speaker at the monthly meeting of the Luther Club at 8 p. m. at the Lambie House. Plans for a Valentine party will be discussed.

### Wednesday, January 11

Cue and Curtain Club will elect new members at 7:30 p. m., in W-33.

Le Cercle Francaise Universitaire will meet at 7:30 p. m. in Building O.

W. A. A. will meet at 7:30 p. m., in W-29. Freshman and sophomore class representatives will be elected.

Library Science Club will meet at 8 p. m. in the Lambie House. Home Economics Club will meet at 7 p. m. in Building C. Daisy Reed, of the personnel training staff of Woodward and Lothrop, will describe the opportunities of home economic graduates in a progressive department store.

Student Council will meet in Building M, at 7:15 p. m.

Mathematics Club will meet at 8 p. m. in W-22. Professor Tobias Dantsig, of the University of Maryland, will speak on skew cubics.

There will be a meeting of the Philippians Club at 8 p. m., in W-25.

Riding Club will ride at 3:30 p. m. Riding Club will meet in W-16 at 8:30 p. m. Mr. Laurie Hess will give a talk on "Equipment of Horses."

Drama Appreciation Club will meet at Lambie House at 8 p. m. Tickets for "Design of Living" will be given out.

### Thursday, January 12

El Club Espanol will meet in W-12 at 8 p. m.

There will be a senior class council meeting at 7:15 p. m. in the Student Council room, Building M, second floor.

Women's Education Club will meet in the Lambie House at 8 p. m. Dr. Faith Williams will speak on "Home-makers' Problems in Midst of Economic Confusion."

There will be a meeting of Cherry Tree editors in the Cherry Tree office

## Pulchritude Award Selections Will Be By Gaynor, Colman

Cherry Tree Contest Open to All Students Photographed by January 17

(Continued from page 1)

membership, including pledges, photographed for the annual by the close of the contest, will be allowed to enter one of its members for consideration. In addition, the Cherry Tree board, with the cooperation of the photographer, will select ten other men and ten other women from all of the pictures made for the Cherry Tree up to the time of the close of the contest. In this manner every student, whether or not he is a member of any campus organization, will have an equal chance to be selected for this honor.

These pictures, together with those submitted by the organizations, will then be sent to Ronald Colman and Janet Gaynor. After they have made their selections as to the three most beautiful women and the three most handsome men, a copy of their decisions in writing, together with their pictures and the pictures of the winners, will be featured in the Cherry Tree. Each winner will be rewarded with a full page picture in the annual as well as other publicity to be announced later.

Pictures are being taken daily at the Casson Studio, 1333 Connecticut avenue, from 9 a. m. to 5 p. m.; on Tuesday and Saturday evenings from 8 to 10, and by special appointment.

## Noted Economist Will Talk Here Thursday

"Home Makers' Problems in the Midst of Economic Confusion" will be the subject of a discussion by Dr. Faith Moore Williams, senior home economist at the Bureau of Home Economics, Department of Agriculture, before the Women's Education Club next Thursday, January 12, at 8 p. m., in the Lambie House. This is one of a series of programs designed to present an overview of some of the important educational facilities in Washington.

Dr. Williams is a graduate of Wellesley College, and took her doctorate at Columbia University. Her doctoral thesis was a study of "The Development of Food Manufacturing Industries in New York and Its Environment." She took part in an investigation of the life of representative American cities which was published in "Middle-town," being directly responsible for the collection of data on cost of living and income of the working class families. She is author of "Economic Study of Foods Consumed by Farm and Village Families in Central New York," one of the Cornell University Experiment Station bulletins.

At the present time Dr. Williams is working on studies of farm family living in the Southern Appalachian Highlands. She is also chairman of the committee of the American Home Economics Association on standard specifications for consumer goods—a committee which is concerned with developing better purchasing information for the consumer.

### Men's Physical Education

Tests to Be Given Again

The men's physical education department announces that the physical efficiency test required of all members of the physical education classes will be given again on Thursday and Friday of this week in the gymnasium from 10 to 12 a. m. Any students finding it impossible to take the test at that time should report this fact to Gene Sexton at the athletic department office.

at 8 p. m. Attendance is compulsory. International Relations Club will meet in Building M at 8 p. m.

### Friday, January 13

Chapel will be led by Professor Raymond John Seeger at 12 noon, in W-10. International Students' Society will have a subscription dance at Acacia House from 10 to 1.

Schoenfeld Deutsche Verein, the German Club, will meet at 8 p. m. in the Lambie House.

Alpha Chi Sigma will hold a dance in Corcoran Hall from 10 to 1.

There will be a Delphi dance at the Kappa Delta House, from 10 to 1. Presidents of the sororities will be present as guests.

The annual Engineers' ball will be held at the Kennedy-Warren from 10 to 2.

Modern Poetry Club will meet at 12:30 p. m. in W-23.

### Saturday, January 14

Riding Club will ride at 2:30 p. m.

## "Friday the Thirteenth" Disproves Old Adage; Date Nears as Most Popular Pre-Exam Evening for Campus Groups

Among those seen at Wardman during the holidays were Wendell Bain, Henry Herzog, Don Iglehart, Ruth McNary, Virginia Hawkins, Johnny Everett, Win Weitzel, Christine Spignul, Edie Bruce, Cherie Seaman, Eleanor Yocum, Russell Coombs, and Margaret Mayo.

Dances, parties and more dances—it would seem that the students celebrated the holidays in a royal fashion. Almost every organization on the campus gave a dance during Christmas week, to say nothing of innumerable informal parties.

And despite the threat of Friday the Thirteenth and approaching examinations, we find it a popular date for dances in the coming week. Apparently all work and no play is not the motto for George Washington students.

### Delphi to Hold Formal Dance

Delphi will hold a dance at the Kappa Delta house on January 13. The presidents of the sororities and fraternities will be guests.

Alpha Chi Sigma will sponsor a Dollar Dance in Corcoran Hall on the same date.

Kappa Kappa Gamma held its mid-winter formal at the Chevy Chase Club on December 26.

The Wesley Heights Club was the scene of the Christmas Formal given by Delta Zeta on December 27.

On December 28 Zeta Tau Alpha, Kappa Delta, Alpha Delta Pi and Phi Delta gave their annual holiday dances.

Sigma Kappa gave a formal dance at Beaver Dam Country Club on December 30.

### Fraternities Hold Dances on New Year's Eve

Sigma Chi, Acacia, Sigma Phi Epsilon and Sigma Nu held dances at their houses on New Year's Eve.

Coach and Mrs. Pizlee, Dr. and Mrs. Daniel Borden, Catherine Pritchard and Mary Hudson were dinner guests at the Acacia House on January 1.

Professor and Mrs. William Frye have just returned from a trip to Bermuda during the holidays, after having been married on December 21 at the Washington Heights Presbyterian Church.

Beta Chapter of Phi Delta Gamma entertained at a tea on Sunday, January 8.

A New Year's Eve party was given by Ruth Warren at her home.

### MacArthur-Blackman Nuptials Announced

Alpha Delta Pi announces the marriage of Ruth MacArthur to Harold Blackman, Acacia, on Thursday, December 22, in the Western Presbyterian Church.

Sigma Phi Epsilon announces the formal pledging of Ryland Bryant.

## PRINCIPALS IN ENGINEERS' PROM

BETTY COON (left, above) and GRACE GIFFEN, who will take the positions of honor in the grand march at the Engineers' Ball Friday night. HERB GORDON (below) whose whispering orchestra will furnish the music.

## Male Students Earn Cash by Housework

Men Outnumber Women in Applications for This Type of Work

Madison, Wis.—Finding it absolutely necessary to earn both their board and room or its equivalent in cash while they continue their studies at the University of Wisconsin during this coming year, 200 young men have finally begun an invasion of a field of work which for centuries had commonly supposed to be restricted to the weaker sex.

Claiming adequate experience in house work, these men students have applied to the student employment bureau at the university for aid in obtaining work in Madison homes. Desiring to earn their room and board, they are willing to do all kinds of housework—clean house, wash dishes, serve table and act as butlers, play nursemaid to children, act as gardener and caretaker, chauffeur—in general, make of themselves a sort of combination house servant and general outdoor handy man.

While the 200 young men have applied to the bureau for this kind of work, only 100 women have offered to accept housework positions while they attend the university, according to Miss Alice King, director of the bureau. It is the first time in the seven-year history of the bureau that men have outnumbered the women in their applications for work in a field formerly thought to belong to women alone, she said.

## Alpha Chi Sigma Will Stage Dance Friday the Thirteenth

In brave defiance of the combined wrath of superstition and numerology, a dollar dance will be staged in Corcoran Hall 10, Friday, January 13. Alpha Chi Sigma, professional chemical fraternity, (note the 13 letters in the name) is sponsoring the dance.

There is a brighter side, however, for the affair will be informal. It is rumored that the hall will be decorated in a fashion appropriate to the date. Gary Smitskamp's increasingly popular Silver Crescent orchestra will furnish the music for the occasion, which should more than compensate for all the evil forebodings of calendaric misbehavior. Dancing will be to 10.

## Students From South Africa Guests at Lambie House Tea

Twenty-four students from the Union of South Africa, who are now touring the principal cities of America under the auspices of the National Students' Organization, will be guests of the International Students' Society at a tea to be given in Lambie House from 3 to 4:30 on Wednesday, January 18.

## Ill Omen or Not, It Will Be Good Anyway Says Herb Gordon

Friday the thirteenth, ill-omen or not, Herb Gordon and His Whispering Orchestra will play the latest tunes for the Engineers' Ball, which will be held at the Kennedy-Warren Hotel.

Herb Gordon, at present under contract with the National Broadcasting Company, is now featured at the Madison. His whispering orchestra has seen service with the Columbia Broadcasting Company, Wardman Park, New Yorker, and Roosevelt Hotels, and many Mid-West resorts.

With a 10-piece orchestra, Gordon features the smooth and sweet type of music with emphasis on the reeds and string bass rather than the brass. His artists are especially famous throughout the East and Mid-West.

Herb Gordon first began playing when six years old. He received his first real start while in high school and Union College, in Schenectady, N. Y. Following his college work, Gordon entered the professional field as a drummer for Vincent Lopez.

## Spanish Club Holds Novel Bridge Party

El Club Espanol was entertained at a bridge party in Lambie House last Thursday evening by the Misses Fenwick and Proffitt. The party was conducted in Spanish.

In addition to the 30 members of the club attending, there were also present Senorita Layo, Senor Orestes Garcia, attaché of the Cuban Embassy; Dr. Hernandez Ortiz, professor at the University of Havana; Senor Oscar Jaime, Jr., of the Cuban Embassy, and Senor Gathia.

The Club will hold its regular Spanish class on Monday evening, January 9, and its regular meeting on Thursday, January 12, when Manual Layo will address the club. The meeting is open to anyone interested in attending.

## Senior Gives Advice On 'Stepping Tests'

Freshmen Offered Pointers on How to Meet Ballroom Situation

From Southern California Daily Trojan

One of the most crucial tests a frosh has to pass is that one referred to as the "stepping test." Being perfectly at ease while dancing with a chosen co-ed is one of the finer arts. An experienced senior with a kind heart will endeavor to give a few helpful pointers on how to pass the fishy stares of the Rho Dami Rho's. (Rho Damiye Rho to you!)

First of all, suppose you tread none too lightly on the fair damsel's number nine. Don't turn crimson, perspire your collar into a dishrag, and stammer a weak apology. No, never! Just grin pitifully, give her a playful shove in the ribs, and say, "Well, that's one on you, isn't it?"

Even the best ball room dancers will get off keel at times and crash to the floor. This need not be a catastrophe if you are self-possessed. Merely turn to the girl and say jestingly, "You haven't been dancing long, have you?" This will break the strained silence and force those watching to break into merry hilarity. This also is sure fire for making a hit with the girl.

And most important of all, when you shove your partner out on the floor never inquire whether it is a waltz or a fox-trot. This shows your lack of confidence and makes the fair maiden doubtful as to your worldly experience. Just plow ahead. If she happens to be doing a fast fox-trot while you are having a dreamy waltz interlude, it may result in a new dance sensation and then you are made. (A barb!)

## Information on Intercollegiate Prohibition Society Available

Mrs. Vinnie Giffen Barrows, secretary of the committee on Student Life, has received a quantity of literature, including a complete program of meetings, from the Intercollegiate Prohibition Society.

She urges students interested in the activities of the organization to communicate with her office.

## Council Sets Forth Rules of Calendar

Letters Sent to Organizations Also Call Attention to Regulations

In conjunction with letters sent out this week by Mrs. Vinnie G. Barrows in regard to chaperonage at social functions, the social calendar committee of the Student Council calls attention to certain regulations of the calendar, in order to avoid any further misunderstandings on the part of social chairmen of the various organizations.

The letter states that acceptances from chaperons must be in Mrs. Barrows' office by noon of the day of the function. Forms to be used for these acceptances are available in her office.

Following are the regulations governing the use of the social calendar as set forth by the Student Council:

1. An application form must be submitted for any social function to take place during the school year, including holidays, given by any organization connected with the University, at least one week in advance.

2. The forms bearing chaperones' signatures must be in by noon of the day of the event.

3. Applications will be approved upon receipt on provision that the chaperones' acceptances are submitted on time.

### Conflicting Requests

4. In case two or more organizations request the same date, the first application is given preference. If the calendar committee judges the other applications to conflict with the event first scheduled, it will not grant the date to the later applicants. In case of doubt, the social chairman of the second organization must request permission of the first group to share the date. The calendar will not approve the second application if this permission is refused.

5. The calendar will not schedule a second event when an organization specifically requests a closed date, if the calendar committee deems the request justified.

6. Applications can not be made sooner than four weeks in advance of the date requested, except for the Interfraternity, Panhellenic, and professional school proms, and the dramatic productions.

7. The Student Council will penalize any infractions of these rules as it sees fit.

In order that any possible conflicts can be settled well in advance of a social function, the calendar committee advises all organizations to file their applications two weeks in advance when possible.

## Mid-Western Coeds Privileges Curbed

Early Morning Baths and Second Stories Covered in Restrictions

The University of Missouri has started something, and two girls' schools in Colorado have lost no time in following their lead. In an attempt to curb party activities all three schools have set up stringent rules governing conduct of women students attending there.

Virtually every second of the day's program is covered in the regulations, which have a decided Victorian flavor, and were made with the avowed intention of stopping current rumors regarding "wild parties" in college life.

A sample of these laws is presented for the enlightenment of those who attend colleges where liberty still survives.

### The Rules.

"Girls are not permitted to talk more than three minutes to young men on the street, in stores or eating places."

"No girl is allowed to go to the telephone office, to any doctor's or dentist's office, or upstairs in any office building without a college chaperon."

"If a girl wishes to take a taxi she must have the permission of the dean of women."

"No girl is allowed to take a bath before 6 o'clock in the morning."

## Night Rifle Practice Begins For Women on January 10

Beginning Tuesday, January 10, there will be night practice for women interested in rifle. The range will be open every Tuesday and Thursday night from 7 to 9 p. m.

According to the coach, Helen Hanford, the first "possible" (perfect score) to be made during coaching was shot by Evelyn Kerr, captain of this year's varsity team. The coach also announced the five highest scorers among the squad members during the month of December. They are as follows: Catling, 97; Harvin, 96; Feiser, 95; Laurie, 95; Fieldin, 94, and Lincoln, 94.

## President Marvin to Speak To Faculty Women's Group

The Faculty Women of George Washington University will meet with Mrs. John R. Lapham at 4800 Arkansas avenue on Friday, January 13, at 2:30 p. m. President Cloyd Heck Marvin will speak on his recent tour of the West. The program will be followed by a short business meeting. Tea will then be served by the hospitality committee, of which Mrs. John Reed is chairman.

### BORDEN ATTENDS CONFERENCE

Dr. Daniel LeRay Borden, president of the General Alumni Association of the George Washington University and Director of the University's Division of Health Administration, returned recently from Miami, Fla., where he attended the conference of the Southern Surgical Association.

## Training Is Offered In Camp Leadership

Special Course During Coming Semester Lists Prominent Leaders

"Ten Adventures in Camping" is the title given to the special camp leadership course to be conducted during February, March, and April by the department of physical education for women in cooperation with the Council of Social Agencies of Washington. The course is especially designed to train those persons who are or wish to be leaders in the camping movement.

The committee in charge of the program for the course consists of Professor Ruth Atwell, director of the Women's Physical Education Department; W. L. Leitch, director of camping, Boy Scouts of America; Dr. Marie M. Ready, associate specialist in recreation, Office of Education, Department of the Interior.

The course will consist of lectures and discussions, including the history of the camping movement, counselor qualifications, administration, program, and standards, and many other topics of interest concerning the camp. Special features, including campaigning, movies of camps, and exhibitions of camp equipment are also part of the program. The last meeting of the group will be a week-end camping trip to a nearby camp for practical experience in campcraft.

Leaders of national reputation in the field of camping will be brought to the University for special lectures and demonstrations. The first of these will be Elbert K. Fretwell, professor of education, Teachers' College, Columbia University, and chairman of the camping committee of the White House Conference. Professor Fretwell will address the group at its second meeting Friday, February 17.

The course is open to all college students and to all others over 21 years of age who are interested. Applications for special permission to take the course may be made to Professor Ruth Atwell. Students desiring to take the course for credit may do so, and will receive one credit. More detailed information may be secured from Miss Atwell, Building E, on Twentieth street.

## After College WHAT?

### Advertising?

Frederick C. Kendall, editor of Advertising & Selling, says, "Advertising is still young. Yet it is already a vital part of every important industry. The professional advertising man must be not only a thoughtful student of human nature, but also a student of all American business."

"SPARKING" ideas are the life blood of advertising. That's why advertising men, as well as college men, turn to a pipe. For a good pipe with the right tobacco is man's first-aid to clear thinking and wisdom. As for the "right tobacco"—that's Edgeworth Smoking Tobacco.

Just one puff will tell you why. It's that truly individual blend of fine old burleys—a blend you find only in Edgeworth. Once you try Edgeworth, nothing less will do. Want to try before you buy? Write for free sample packet. Address Larus & Bro. Co., 103 S. 22d St., Richmond, Va.

\*A recent investigation showed Edgeworth the favorite smoke at 42 out of 64 leading colleges

## EDGEWORTH SMOKING TOBACCO

Buy Edgeworth anywhere in two forms—Edgeworth Ready-Rubbed and Edgeworth Plug Slice. All sizes—15¢ pocket package to pound humidors. Some sizes in vacuum sealed tins.

## School of Education Plans Conferences

### Ruediger Announces Tentative Arrangement of Four Summer Sessions

Four conferences have been tentatively planned for the summer session of the School of Education under the direction of Professor William Cullen French, according to Dean William Carl Ruediger. Professor French will be assisted by a visiting staff composed of Dr. Julia Hahn, supervising principal of the third division of public schools in Washington, and Dr. James F. Able, chief of division of the foreign schools in the United States.

The subjects to be covered are: Curriculum, Indian life and education, national secondary education, and the relation of education to socio-economic problems.

"Curriculum," taught by Professor French, will cover present procedures and a discussion of controversial issues in curriculum making.

"Indian Life and Education," taught by Professor French and the visiting staff, is a course designed primarily for teachers in the Indian service and elementary teachers of the Indian Unit.

"The National Survey of Secondary Education" is mainly for the graduate student having a professional interest in the subject.

The conference on "Educational Relation to Socio-economic Problems" is a review of nation-wide educational issues by directors of the American Federation of Labor, United States Office of Education, and the American Bar Association.

## Government School Adds New Courses For Summer Term

In addition to a full program of regular courses in academic and professional divisions of the University, a special curriculum is to be offered in the 1933 summer session of the School of Government which, it is hoped, will prove especially interesting and worthwhile.

Repeating the special work given last summer, Dr. Frank M. Surface, assistant director of the United States Bureau of Foreign and Domestic Commerce, will again offer a course in principles of merchandising.

Special attention which has been given to the important field of Hispanic-American relations will be continued in another seminar-conference to be held this summer. The emphasis this year, however, is centralized on the Caribbean area. The work is so arranged that students whose interests lie in the field of American diplomacy and particularly in the history of Mexico, Central America, the West Indies, and northern South America, will receive greater benefit.

### Specialists Will Lecture

Lectures in the seminar-conference will be given by a group of specialists from various parts of the United States. They include Professor Chester Lloyd Jones, of the University of Wisconsin; Professor Samuel Guy Inman, of Columbia University; Professor J. Fred Rippy, of Duke University; Professor Clarence F. Jones, of Clark University; Dr. Leland Hamilton Jenks, of Wellesley College; Professor Roscoe R. Hill, formerly a member of the Nicaraguan War Claims Commission; Professor W. H. Calcott, of the University of South Carolina, and others.

The course is in charge of Dr. A. Curtis Wilgus, associate professor of Hispanic American History at George Washington University.

## CIRCLE THEATRE

2105 PENNA. AVE.

### "Home of the Mirror Screen"

TUES. & WED.—Marie Dressler and Polly Moran in "PROSPERITY." Packed with joy-provoking antics. You will say at the end, "That was wonderful."

THURS. & FRI.—"CALL HER SAVAGE." Clara Bow comes back with a forceful performance, placing her among the screen's great.

SAT.—"WHITE EAGLE." The first talking epic of the Indians of the old West. A thrilling, thundering drama, with Buck Jones.

SUN. & MON.—"18 WOMEN." Ricardo Cortez and Myrna Loy. Entertaining hokum—or is it gospel truth? Come and see!

## Save Time Raise Grades

1413 New York Ave.

## Students Entering Law School Must File Blanks Now

Applications for change of division, or for admission to the Law School, must be filed with the University in sufficient time for consideration before the registration days, January 30 and 31, according to H. G. Sutton, director of admissions.

Students desiring to change from one division or school of the University to another, at the second semester, should obtain a request-for-transfer form from the Admissions Office, 2033 G street, and file it there immediately.

Those interested in entering the Law School in February, who will have completed a minimum of 60 semester hours at that time and have complied with the other requirements for admission, may make application. Students on probation are not eligible. Forms may be obtained from the Law School or from the Admissions office, and should be filed at the latter office, 2033 G street.

## Bookstore Carries Odd Conglomeration Of Student Supplies

Bargains Available in Almost Anything the Undergraduate Heart Finds Necessary

Everything from steel pen points to tons of coal can be procured at the University bookstore located in the basement of Stockton Hall. And if you should be interested in such prosaic things as garbage cans or sacks of fertilizer "the man behind the counter" will service you with a smile on that score, too. In fact, you simply can't fluster the attendants in the bookstore by odd requests.

The \$50,000 stock includes every conceivable type of student supplies—and includes among other articles sacks upon sacks of corks that will fit the most obstinately shaped bottle, soaps, oils, and waxes of every description, a wide assortment of nails, ranging from wire brads to heavy spikes, lawn seed (for the campus), barbed wire, and even bed sheets.

And if you could wander among the stock room whelves your eye would be met by such an astounding article as somebody's carpet and rug shampoo, galvanized pails, various grades of sandpaper, brooms, lock-washers, brushes and even rubber garden hose. Sells Sweets, Snakes.

For the convenience of students, the store sells apples, cigarettes and candies. There are more than two dozen varieties of chocolate bars at the disposal of the fastidious George Washington student. It also sells cold beverages of every flavor the year around.

The store is a combination stockroom for the University and bookstore for students. It handles fraternity orders for coal in conformity with the cooperative fraternity purchasing plan in effect at the University.

And if you should desire lab coats for chemistry, white collars for graduation, ribbons for diplomas (or even the diplomas themselves), pillow cases, cheering caps, combination locks wrapped in cellophane, or "exit" signs, the University bookstore can supply you.

The stock at the store includes some 12 manuals written by George Washington professors to be used in conjunction with courses in law, sociology, pharmacology, economics and history.

"Shux," admitted James Flewardy, attendant, "we even have epsom salts."

And he was telling the truth!

## Senator W. H. King Against Prohibition

Denouncing the Eighteenth Amendment as one of the most dangerous and subtle assaults ever made on the Constitution, United States Senator William H. King, of Utah, addressed members and guests of the Woodrow Wilson Senate of Theta Delta Phi, legal fraternity, at the Lafayette Hotel last Saturday night.

The speaker condemned the activities of lobbyists, charging them with warping the legitimate and natural functions of the Government. Unless the tendency to pile up more and more power in the Federal Government is checked, he added, within 25 years the States will be completely broken down.

District of Columbia Supreme Court Justices James M. Proctor and Joseph W. Cox, honorary members of the fraternity, also were speakers. They pointed out the values of fraternity life as a social medium and basis for many lasting friendships.

Out of respect to the memory of the late Calvin Coolidge, who became an honorary member of Wilson Senate eight years ago, the 65 persons present stood in silence for 30 seconds.

Prior to the dinner, the following new members were initiated into the fraternity: Robert Kirkwood, John L. Stover, Gerald Meindl, G. T. Jahomnesen, Chester L. Justus, F. P. Lyle and Frank H. Bronaugh, Jr.

### To the Registrar:

The undersigned student, now registered in \_\_\_\_\_ College Division expects to continue in the University during the second semester of the academic year, 1932-33.

Name \_\_\_\_\_  
Address \_\_\_\_\_

## Early Registration Ends January 20

### Crowded Regular Period May Be Avoided by Registered Students

Advance registration for the second semester opened yesterday and will continue through Friday, January 20, it was announced by Fred E. Nessell, registrar of the University.

During this period students now enrolled in the University who expect to continue their work next semester may plan their schedules with the assistance of deans and advisers, execute the necessary forms, and complete registration, thus avoiding the inconvenience of the more crowded regular period.

Attention is called to the fact that registration for the second semester is necessary in all cases, even though the student's program for the second semester be identical with that of the first semester.

The printed form on this page should be filled in at once by all students of the University, except students in the Medical School, who need not re-register. Students in all schools except the Law School should bring or mail the notice to the Registrar's office, Building G. Law students should leave the notice at the Law School office.

Conferences From January 9 to 20 Necessary forms for registration, together with full instructions for their execution, will be issued to students upon receipt of the form.

Conferences with deans and advisers may be arranged during the period from January 9 to January 20. The approval of the program having been secured from the dean or adviser, registration forms should then be filed at the Registrar's office.

Initial payment of tuition should be made on or before Tuesday, January 31, in all schools. A statement of tuition charges will be given at the time of registration. The usual late registration fee will apply if payment has not been made by the above date. In the case of necessary changes in schedule due to failure in prerequisite courses, the change may be made until February 14 without charge.

Students entering the University from high school or transferring from other colleges or universities will register January 30 to 31.

## Pohlman Elected President Of Philosophical Fraternity

Robert G. Pohlman was elected president of Phi Sigma Rho, philosophical society, at a meeting last Wednesday. Other officers elected for the coming semester were: Richard S. Gatti, vice president, and Irene Hopkins, secretary-treasurer.

## Danzansky Gets Phi Alpha's Annual Award for Distinction

Joseph Danzansky was presented the annual award of a silver loving cup as one of the two most distinguished undergraduates of his fraternity, Phi Alpha. This presentation was made at this organization's annual convocation, held in Baltimore on December 31, January 1 and January 2.

Danzansky is president of Alpha chapter of Phi Alpha, and was recently elected president of the junior class of George Washington University.

## Fifth of Faculty Are In "Who's Who"; Classified as Inventors, Discoverers

### Professors Borden, Bemis, Griggs, Hagner, Monroe, Number Among Famous Men Listed in Latest Edition of Nation-Wide Book

By CHARLOTTE DUBIN.

Approximately one-fifth of the George Washington University faculty is listed in the 1932-33 edition of "Who's Who in America," which has recently come off the press.

Inventors, discoverers, healers, authors, and—in one case—a Pulitzer prize winner, are some of the titles which might be applied to our instructors in addition to that of professor.

There is, for instance, Daniel LeRay Borden, who was a pioneer in using motion picture photography for the illustration of surgical operative technique; Charles Edward Monroe, the inventor of smokeless powder and an authority on explosives; Paul Bartsch, who furnished the poison gas detector to the Chemical Warfare Service in 1918; Francis Randall Hagner, who is the originator of several operations in the field of urology; and Robert Fiske Griggs, discoverer of the "Valley of 10,000 Smokes."

Bemis Wins Prize Among the authors we find Samuel Flagg Bemis, winner of the \$3,000 Knights of Columbus prize in 1923 for his book, "Jay's Treaty," and of the

## Final Examination Schedule

January 21-28, 1933

The class schedule is suspended during the examination period. Examinations will be two hours in length. Books and scratch papers may not be taken into the examination room unless authorized by the instructor in charge.

Third group courses are not included. Courses in Law, Medicine and Pharmacy will be arranged by each school involved.

Conflicts which can not be adjusted with the instructor, and errors should be reported to the Registrar.
